

2027 WELCOME HOME

FIRST CLASS REISEMOBILE
MADE IN GERMANY

DEAR
FRIENDS!

Isn't it a wonderful feeling to arrive anywhere in the world and feel instantly at home? The freedom to discover new places while always having your own space, familiar comfort and a sense of security right there with you. That is exactly what we mean when we say: "Welcome home." A MORELO is more than a motorhome – it is your home on wheels.

Let yourself be inspired by elegant design, premium fittings and thoughtfully engineered technical solutions that make comfort tangible down to the very last detail.

First class – made in Germany. In Schlüsselfeld near Bamberg, we combine state-of-the-art production techniques with traditional craftsmanship. With precision, care and an uncompromising standard of quality, we create motorhomes that not only impress at first glance, but delight you anew on every journey – with quality you can see, comfort you can feel, and solutions you can rely on.

Robert Crispens
Managing Director

Ralf Schütte

DISCOVER THE WORLD OF MORELO.

First class begins with your expectations. A wide range of model series, thoughtfully designed floor plans and individual equipment options give you the freedom to create a motorhome that suits not only your travel plans – but also your own personal sense of home.

MORELO HOME

The most compact MORELO. But certainly no compromise in ambition. The MORELO HOME brings together everything that defines first class: design with real character, thoughtfully engineered technology and a living experience that makes generous use of every single centimetre. Compact dimensions thus become true greatness – and every destination becomes a place where you feel instantly at home.

FIRST CLASS IS COMING HOME!

The MORELO HOME shows at first glance that true greatness is not a question of dimensions. Its distinctively styled exterior combines clean lines, balanced proportions and MORELO's unmistakable design language. A commanding presence that radiates modern elegance and visibly carries its first-class ambition to the outside world.

MORELO
HOME

"THE HOME HOLDS
THE ENTIRE WORLD OF
MORELO - BROUGHT
TOGETHER IN AN
EXCEPTIONALLY
COMPACT FORMAT."

R. V. Cluette

Arriving before you arrive. Behind the sweeping curved panoramic windscreen, the landscape unfolds before you like a panoramic painting. The fully insulated cab area housed in the innovative GRP module, together with meticulous sound insulation, keeps the world outside quiet – so you step out relaxed even after 500 kilometres. Once the handbrake is applied, the pilot seats swivel towards the living area: the driver's seat becomes your favourite seat.

- + **Safety as standard:** emergency braking assistant, adaptive cruise control and active lane-keeping assistant
- + **LED headlights** and fog lights with cornering light function
- + **Electric insulating pleated blind**
- + **Level living-area floor** extending right through to the dashboard

ARRIVE AND FEEL AT HOME

Individual upholstery collections: various designs in fabric, leather-fabric combinations or full leather lend the living area a personal touch.

Living with MORELO standards. The living area of the MORELO HOME combines clean proportions with homely materials: colour-coordinated fabric wall panelling, an ergonomically shaped seating group with a comfortable multi-layer construction, and a double-glazed midi roof window that lets the daylight in. Designed for long journeys – and for many wonderful evenings.

- + **MORELO Connect:** control lighting and functions via touch display, voice or smartphone
- + **Double-glazed tinted windows** with pleated blind and fly screen
- + **Multifunctional seating bench** (optional)
- + **Living-area table**, extendable
- + **Underfloor heating** (optional)

MORELO
HOME

CULINARY ART IN A COMPACT SPACE

Cooking doesn't stop when you travel. The sink and worktop are dimensioned so that preparing and clearing away can happen side by side, and the chrome single-lever mixer tap is one you know from your own home. Whatever you need comes to light in full-extension drawers – no bending, no searching. That turns the campsite into an address known for good food.

- + **132-litre domestic refrigerator** with freezer compartment and soft-close door
- + **Full-extension drawers** in the kitchen base unit
- + **Drawers with soft-close mechanism**
- + **Kitchen package** (optional): oven with microwave, induction hob, solid surface worktop
- + **Dishwasher** (optional) beneath the hob

Separate shower

Real-glass doors, generous freedom of movement and premium details ensure first-class refreshment in the bathroom.

COMPACT YET SPACIOUS

Mornings just like at home. The washbasin with its seamlessly moulded bowl and domestic-style drain wipes clean in seconds, while the separate shower with height-adjustable shower head makes starting the day the most natural thing in the world. Dimmable LED spotlights and indirect lighting create the right mood to go with it: bright in the morning, calm in the evening.

- + **Ceramic flush toilet** with fixed waste tank
- + **Single-lever mixer tap**, in chrome with push-open waste valve
- + **Thoughtfully designed features:** wall cabinet, roof hatch and bathroom accessories
- + **Exterior shower** (optional) on the driver's side

SPACE TO DREAM

MORELO
HOME

Sleep like at home, wake up like you're on holiday.

The rear bed with its multi-zone mattress and comfortable sprung base supports you exactly where you need it – depending on the floor plan, either as two single beds or as one continuous 1.50 m wide sleeping area. The blackout blind on the roof hatch stays closed for as long as you like. After all, who else decides when the day begins?

- + **Wardrobes** with LED lighting
- + **Sockets** in the sleeping area
- + **Drop-down bed** (optional) electrically operated, instead of front overhead lockers
- + **EvoPore multi-zone mattress** (optional) with water-gel top layer
- + **Midi Heki roof window** (optional) instead of the standard roof hatch

MORELO LOFT

Cosy, just like a LOFT should be. And not lacking manoeuvrability as the new entry into the luxury class - despite its 7.99 metres. This makes it extremely easy to embark on new adventures in a highly comfortable way, of course depending on your individual wishes. Many chassis and layout options make this possible.

MORELO
LOFT

Gudrun and Reinhard Bielefeld are convinced motorhome enthusiasts and are often not to be found at home for months at a time. And why should they? With the LOFT, they are independent and able to set off spontaneously at any time without having to make any sacrifices. But what the gregarious couple loves the most is to enjoy the homely feeling in their MORELO at the end of an eventful day.

Technical specifications

Chassis: **IVECO Daily 70 C 18**

Emission class: **EURO VI e**

Engine: **3,0 l**

Power: **129 kW / 175 hp**

Technically permissible max. weight: **7.490 kg**

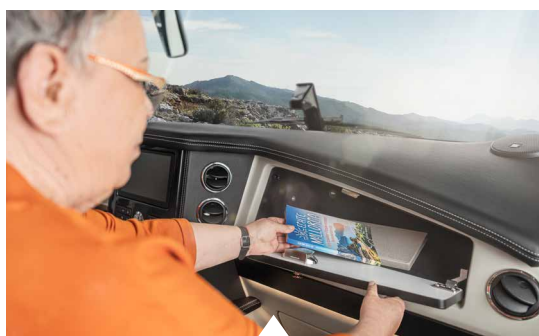

You drive – we take care of the rest. So, feel free to take a seat in the front living area, treat yourself to a refreshing drink from the cooler compartment or take a look at the nav system (optional). Driver's cab? Sure, with everything that goes with it. Just in a cosy style.

- + **Dashboard with ambient lighting**
- + **Pilot seats, swivelling, with belt system**
- + **Luxury cab suspension seats** (optional), with air suspension, lumbar support & seat heating
- + **Sound insulation in the engine compartment** (optional)
- + **Bus-style rear-view mirrors**
- + **Premium cockpit with leather covering**

**MORELO
LOFT**

Glove compartment

Everything you need is always within reach with the spacious glove compartment.

10-inch navigation system (optional): Apple CarPlay and Android Auto compatible, DAB+ radio, reversing camera, and much more.

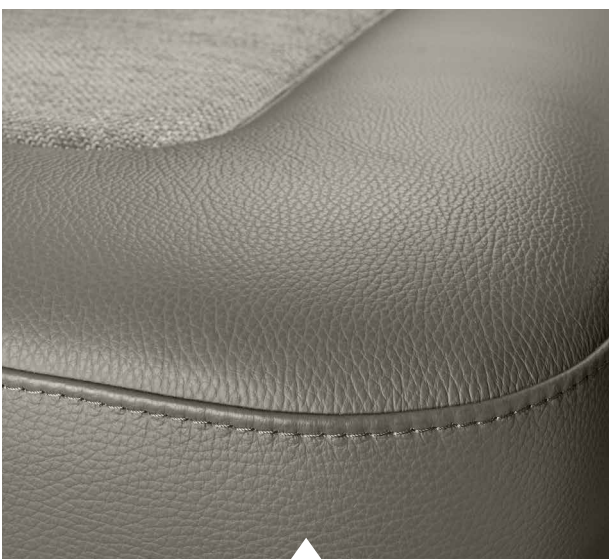

A MODERN HOME

Sunshine at heart – whether it's storming or snowing.

This comes easy in the LOFT: highly comfortable upholstery meets modern design and new materials. Handleless wall units and pleasant lighting contribute even more to a cosy atmosphere. The LOFT is your mobile retreat in any weather.

Seating comfort

The seating group with ergonomically shaped upholstery offers seating comfort in a class of its own.

Upholstery

A wide variety of upholstery for full comfort and every taste.

**MORELO
LOFT**

- + Wonderfully comfortable upholstery
- + Noble surfaces
- + Torsion-resistant lightweight material
- + Spacious drawers
- + Indirect ambient lighting
- + Plenty of room to move
- + Extendable, single-leg table
- + Bar seating group (optional)

KITCHEN MARVELS

Why do without? With this kitchen in the MORELO LOFT, you can make the most of everything: In addition to the standard household refrigerator - with freezer compartment, of course - and oven, the two-burner luxury gas hob is always at your service. The powerful appliances make cooking a real pleasure. Drawers, cupboards, space for chopping - everything cleverly thought out.

- + **Double sink** with covers
- + **Domestic oven** (optional) with microwave
- + **Deep wall units**
- + **Full-extension drawers**
- + **Pull-out waste bin**
- + **Dishwasher** (optional)

Nespresso capsule machine safely stowed away (optional).

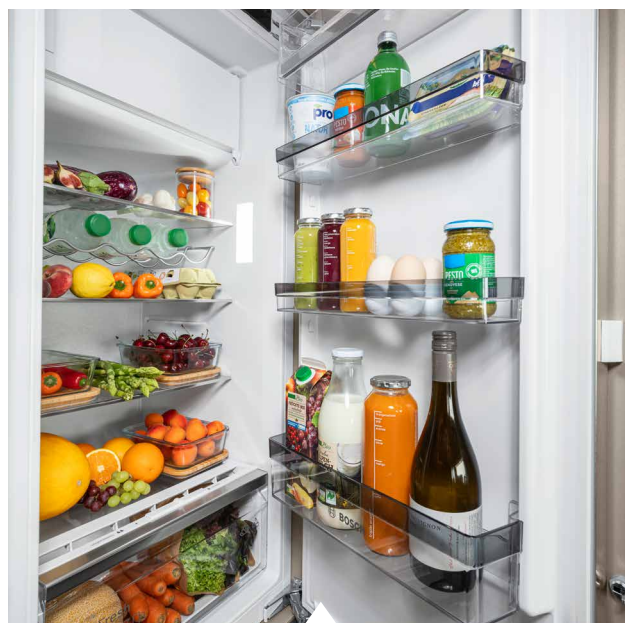

**MORELO
LOFT**

Wall units
The illuminated wall units offer plenty of extra storage space.

Two-burner luxury gas hob
flush, with automatic ignition and glass cover.

BSH domestic refrigerator
172 liter refrigerator with 15 liter freezer compartment and soft-close door.

WELL-BEING MADE EASY

This bathroom is generous with its amenities.

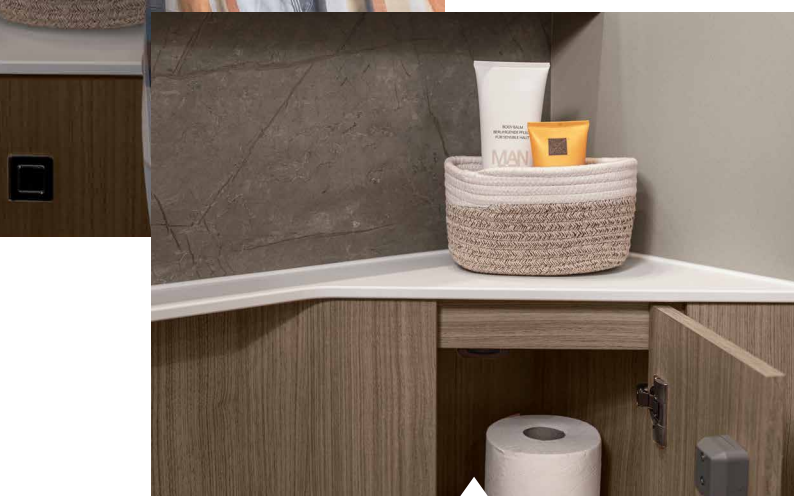

For example, you can look forward to the shower with glass door and LED lighting, plenty of space and the atmospheric ambient lighting. In the studio bathroom, the toilet and washbasin are located on the driver's side, while the shower with two swing doors is on the passenger side.

- + Ceramic flush toilet
- + Large mirror cabinet with lighting
- + Easy-care washbasin
- + Single lever mixer tap in chrome
- + LED spotlights and indirect lighting, dimmable
- + Skylight with fly screen and pleated shade blind

**MORELO
LOFT**

**Shower with
real glass door
and stylish
lighting.**

Generous storage options

provide plenty of space and shine thanks to surfaces that are easy to clean.

Washbasin

with seamlessly integrated washbasin, push-open valve and household drain.

SWEET DREAMS

First class sleeping comfort also means that you have a free choice of bed options. Offered are the twin bed as illustrated, the queen-size bed accessible from both sides or the French bed. All with cold foam mattresses for a restful sleep, of course. Do you fall asleep best while watching TV? No problem!

SPACE FOR HOBBIES

Even loading is fun. When wanderlust gets to us, we pack up our belongings: e-bikes go into the rear garage. Fortunately, there is no question of "heaving" with this low loading sill. Afterwards we load up the cupboards, drawers and shelves for quick access - after all, there is plenty of storage space. Then you are ready to go.

The LOFT PREMIUM: for more space in the kitchen and bathroom. The LOFT's big brother offers more of everything. The result: more flexibility, more comfort and more enjoyment. Four model options make your individual travel dreams come true.

MORELO
LOFT
PREMIUM

MORELO LOFT PREMIUM

Simone and Jochen Reimann are adventurous and enjoy the flexibility that their MORELO LOFT PREMIUM gives them. To pursue their hobbies while travelling, they need plenty of space - and that's exactly what their MORELO can offer. Whether it is scuba diving equipment or bicycles - there is plenty of storage space and everything can come along. In their MORELO, Simone and Jochen have found the freedom they have always been looking for.

CONVENIENT CONTROL CENTER

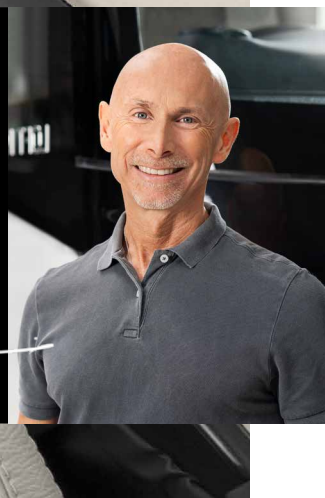

Living in the driver's cab. Are you still driving or already taking pleasure? With the MORELO LOFT PREMIUM, this question does not even arise. Because the elegantly equipped cockpit with cooler compartment is an inherent part of the living space. And because manoeuvrability means everything, the swivel pilot seats can be adjusted to suit your needs and conveniently be integrated into the habitation area.

- + **Dashboard with ambient lighting**
- + **Pilot seats, swivelling**, with belt system
- + **Luxury cab suspension seats** (optional), with air suspension, lumbar support & seat heating
- + **Optimised acoustic insulation** in the engine compartment
- + **Bus-style rear-view mirrors**
- + **Premium cockpit** with leather covering
- + **Removable steering wheel** (optional)

works in combination with the air conditioning,
can be switched on and off at any time.

**Multifunction
steering wheel**
(optional)
Convenient
control of many
vehicle functions
and media.

MORE SPACE FOR LIVING

Uncompromising living pleasure. You can lean back and unwind in this space marvel. The LOFT PREMIUM offers you, and everything you do not want to miss on your journey, plenty of space. This is ensured by the generous storage space and cosy seating options.

Electrically lowerable Smart TV (optional)

Linear television or streaming - both are possible with this 32" TV.

**MORELO
LOFT
PREMIUM**

- + **Electric drop-down bed**
possible above dashboard
- + **Handleless wall units**
with plenty of space
- + **Indirect ambient lighting**
- + **Generous feeling of space**
- + Optional **bar seating group**
- + **All windows with fly screens**
and pleated blackout blinds

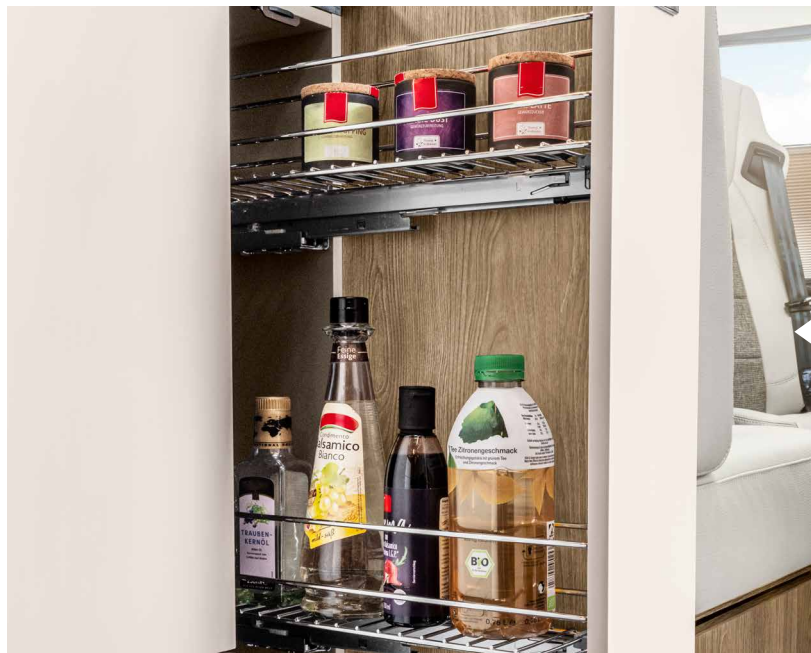

CULINARY EXCELLENCE WITH EVERY INCH

Longer kitchen. If you want to spoil your loved ones with culinary delights in the MORELO LOFT PREMIUM, you have one thing above all: plenty of space. Compared to the LOFT, we have added a whopping 15 centimetres. On top of that, the LOFT PREMIUM comes with excellent household appliances, a practical interior and a practical pull-out-cabinet for exquisite oils and spices.

- + **Deep, handleless wall units**
- + **Two-burner luxury gas hob**
- + **Double sink** with covers
- + **Pull-out waste bin**
- + **Domestic fridge**
- + **Domestic oven** (optional)
- + **Dishwasher** (optional)

Full-extension drawer in metal construction
Food and cooking utensils are easily accessible and safely stowed away.

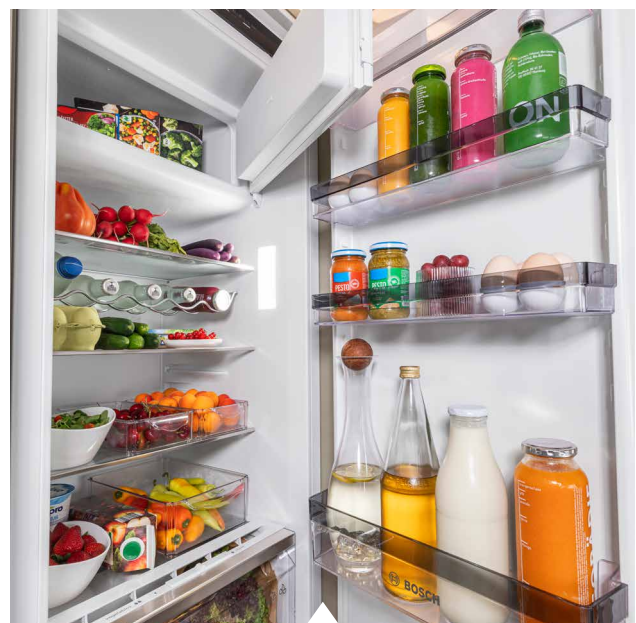

**MORELO
LOFT

Pull-out-cabinet
Bottles and small items are stowed and within easy reach.

BSH domestic oven (optional)
for the finest roasts and delicious cakes - or reheated food thanks to the microwave function.

BSH domestic refrigerator
172 litre refrigerator with 15 litre freezer compartment and soft-close door. Very energy efficient.

RISE & SHINE

Step into your personal oasis of well-being.

With the shower and toilet on the driver's side, the result is a spacious room concept –and the principle of "more of everything" runs through the entire bathroom. Well, almost: The ceramic toilet can also flush more sparingly, depending on how long the button is pressed.

- + **Spacious shower** with real glass door
- + **Ceramic flush toilet**
- + **Large mirror cabinet**
- + **Skylight with fly screen** and pleated blackout blinds
- + **Easy-care washbasin**

**MORELO
LOFT

with economical flush system: you determine the
amount of water with the touch of a button.

MORE SPACE FOR BEAUTIFUL DREAMS

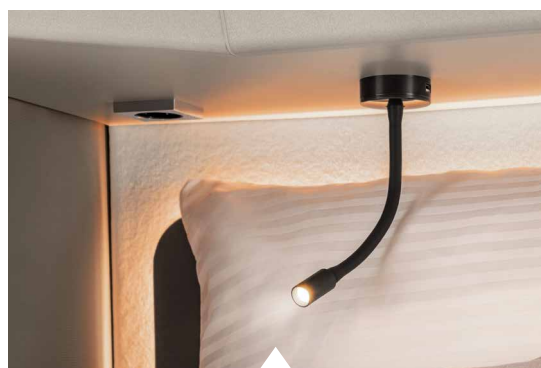

Also a benefit for night owls. On average, we sleep for 24 years of our lives. We should not tolerate any compromises when it comes to comfort. Good news: you don't have to! The MORELO LOFT PREMIUM impresses with a wide selection of beds, a high level of sleeping comfort and plenty of storage space. And of course with the right light for reading or a movie night. As an option, you can also choose the multi-zone EvoPore mattresses with a "water gel" top layer including comfort slat base - a dream.

DRIVING AND LIVING, NEWLY UNITED

First class begins at the driver's seat. The new cockpit of the MORELO PALACE combines a clean, automotive design language with the living comfort of a first-class motorhome. Displays and controls are ideally positioned within sight and easy reach, while premium materials, indirect lighting and flowing lines integrate the cab harmoniously into the living area.

- + **Optimal overview:** all displays within the driver's natural field of vision
- + **Connected navigation,** which the passenger can also mirror to the display from a smartphone
- + **Removable steering wheel** (optional)
- + **Optimal windscreen ventilation**
- + **Homely integration:** materials and lighting in harmony

**MORELO
PALACE**

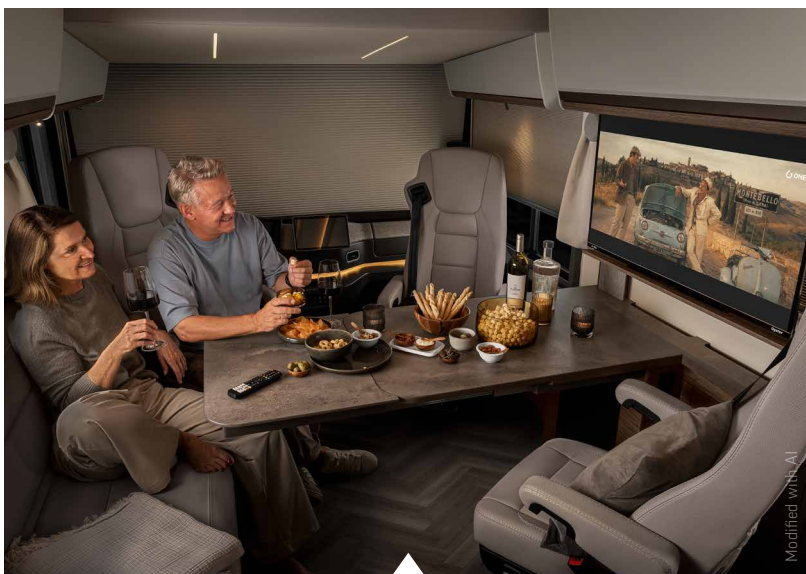

**Faster, more stable,
more reliable:**

The new step does away with the shear pin, making entry even more comfortable.

LIVING WITH A VIEW

The new living area of the MORELO PALACE combines spaciousness with clean, modern design.

Ergonomically optimised upholstery, vertically aligned wood finishes and new accent surfaces give the interior greater depth and a particularly homely feel. Handleless overhead cabinets and reduced transitions create a calm, uncluttered overall look. Completing the picture is a finely tuned, zoned lighting concept that structures the space and provides just the right atmosphere at any time of day.

Cinema feeling on the road

The sound system brings a true cinema experience to the living area – for first-class movie nights together.

- + **Generous sense of space** thanks to clean lines and reduced transitions
- + **Individual style worlds:** harmoniously curated design combinations
- + **Handleless overhead cabinets**
- + **Underfloor heating:** pleasant warmth throughout the living area
- + **Level living-area floor** extending all the way to the dashboard
- + **Generous interior standing height** of 2.06 m
- + **Panoramic roof window**

"FOR ME, GOOD FOOD IS
SIMPLY PART OF EVERY
TRIP – AND IN THE
PALACE, THE PLEASURE
REALLY DOES BEGIN
WITH THE COOKING."

A MATTER OF TASTE

Here, cooking on the road becomes a piece of home.

Closed cabinet fronts and internal drawers create a calm look while keeping everything within easy reach. High-quality domestic taps, Bosch and Siemens appliances and well-conceived storage solutions make preparation easier. The result is a kitchen that combines stylish homeliness, practical comfort and genuine enjoyment – a place where good ingredients turn into special travel moments.

- + **Solid surface worktop:** premium, robust and extremely easy to care for
- + **Recessed two-burner luxury gas hob:** more worktop space when not in use
- + **Induction hob** (optional)
- + **Full-extension drawers** in the kitchen base unit
- + **Drawers with soft-close**
- + **Dishwasher** (optional): comfort just like at home

BSH refrigerator
172-litre refrigerator
with 15-litre freezer
compartment and
soft-close door.
(Optional: 200-litre

Pull-out larder cupboard
Everything at a glance and easy to reach.

Pull-out domestic tap in chrome
and robust stainless steel sink.

AT EASE, AROUND THE CLOCK

A retreat for new energy. The bathroom of the MORELO PALACE combines clean, homely design with premium materials and well-conceived spatial solutions. New surfaces and fittings create a pleasant ambience for your daily refresh. On request, the sanitary area is also available with a separate toilet compartment – for added privacy and comfort.

- + **Mirror cabinet** with LED lighting
- + **Wall panelling** in elegant stone look
- + **Towel-rail radiator**
- + **Roof hatch with fly screen** and blackout pleated blind
- + **Separate toilet compartment** (optional)
- + **Add-water button** lets you set the amount of water in the toilet individually, helping to save water

Large real-glass shower cubicle with rain shower and additional hand shower for refreshing moments of wellbeing.

**MORELO
PALACE**

Plenty of storage space
The drawers are discreetly concealed behind a continuous front.

Premium ceramic toilet
with innovative flush button for flushing without additional water filling.

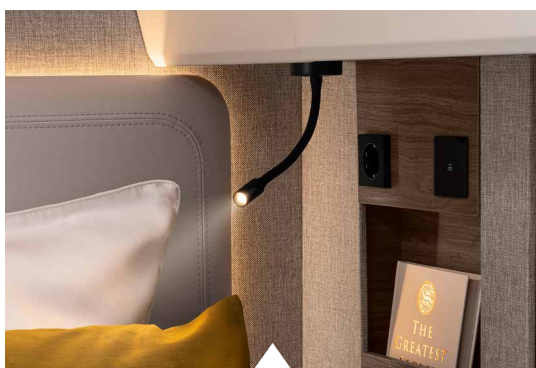

Early risers, brace yourselves: the sleeping area of the MORELO PALACE is a place to switch off, recharge and simply enjoy – in the evening just as much as in between. Adjustable backrests turn it into a comfortable retreat for reading or relaxing during the day as well. On request, the overhead cabinets on the rear wall can be omitted, giving the room even more sense of space and lightness.

BED OVERVIEW / 130 - 131

MORELO
PALACE

Dimmable touch reading lights

with USB charging port for your smartphone.

ONS AND CAR-LIKE COM-
FORT. IT SIMPLY DOESN'T
GET ANY BETTER."

FREE RIDE

A true professional cockpit. Angled towards the driver, with all essential controls within easy reach. Featuring a digital instrument display of up to 12 inches, a 10-inch multimedia screen, seamless smartphone integration via Android Auto® and Apple CarPlay®, and plenty of excitement for the journey ahead – every trip flies by.

**MORELO
EMPIRE
LINER**

Thanks to fully digital instruments, you can choose which information is displayed.

STYLE & COMFORT

Fine wood veneers, soft leather, open sightlines – of course, a MORELO is a feast for the eyes. But more importantly, we want you to not only admire your dream motorhome but also enjoy using it. That's why the table is extra large, extendable, and adjustable. The surfaces are durable and easy to maintain, while the sofa and seats feature multi-layered padding for ultimate comfort.

Cozy and durable

A MORELO is built for decades of travel enjoyment.

Do you prefer dark leather?

When it comes to interior design, you have complete freedom of choice.

**MORELO
EMPIRE
LINER**

- + **Harmonious lighting concept**
- + **Modern design** and durability
- + **Underfloor heating** with hot water
- + **Satellite TV system** (optional)
- + **High-quality craftsmanship**
- + **Elegant panoramic roof window**
- + **Multi-layer padded seats and sofa**
- + **Overhead cabinet fronts** with depth effect

EVERYTHING YOU NEED

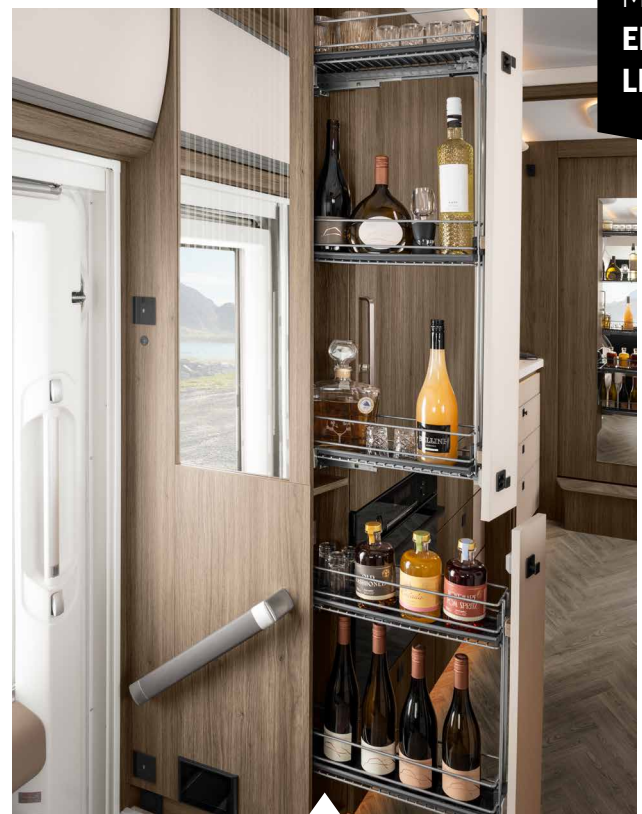

Scampi in Norway and smoked salmon in Italy.

The kitchen in the MORELO EMPIRE LINER is ready for your next grand journey. And for many years to come. You can see it at first glance: sturdy full-extension drawers, a household-grade stainless steel faucet, and a solid surface countertop that challenges even the sharpest kitchen knives.

- + **Three-burner gas stove or induction cooktop:**
The choice is yours
- + **Dishwasher** (optional)
- + **Drawers with soft-close function & cutlery insert**
- + **Spacious overhead cabinets with soft-close**
- + **Original Nespresso coffee capsule machine**
- + **Elegant ambient lighting**

BSH refrigerator
172-litre refrigerator with 15-litre freezer compartment and soft-close door.
(Optional: 200-litre refrigerator with separate 60-litre freezer compartment.)

**MORELO
EMPIRE
LINER**

Practical pull-out pantry
for vinegar, oil, drinks, and everything else you like to have on hand.

ALMOST LIKE HOME

Probably the highest compliment for a motorhome:

A bathroom almost like home. From the ceramic toilet to the real glass shower with over 2 meters of headroom. Attractive and thoughtfully designed, featuring spacious soft-close drawers. Especially easy to clean, thanks to the surrounding rim on the washbasin.

- + Elegantly integrated lighting
- + Extendable towel holders
- + Towel warmer radiator
- + Luxurious stone décor
- + Spacious wardrobe with LED lighting

Large real glass shower cabin with optional rain shower and hand-held showerhead.

**MORELO
EMPIRE
LINER**

Large mirror cabinet and two power outlets to reduce clutter in the bathroom.

Ceramic toilet with a soft-close lid.

SLEEP WELL ROOM

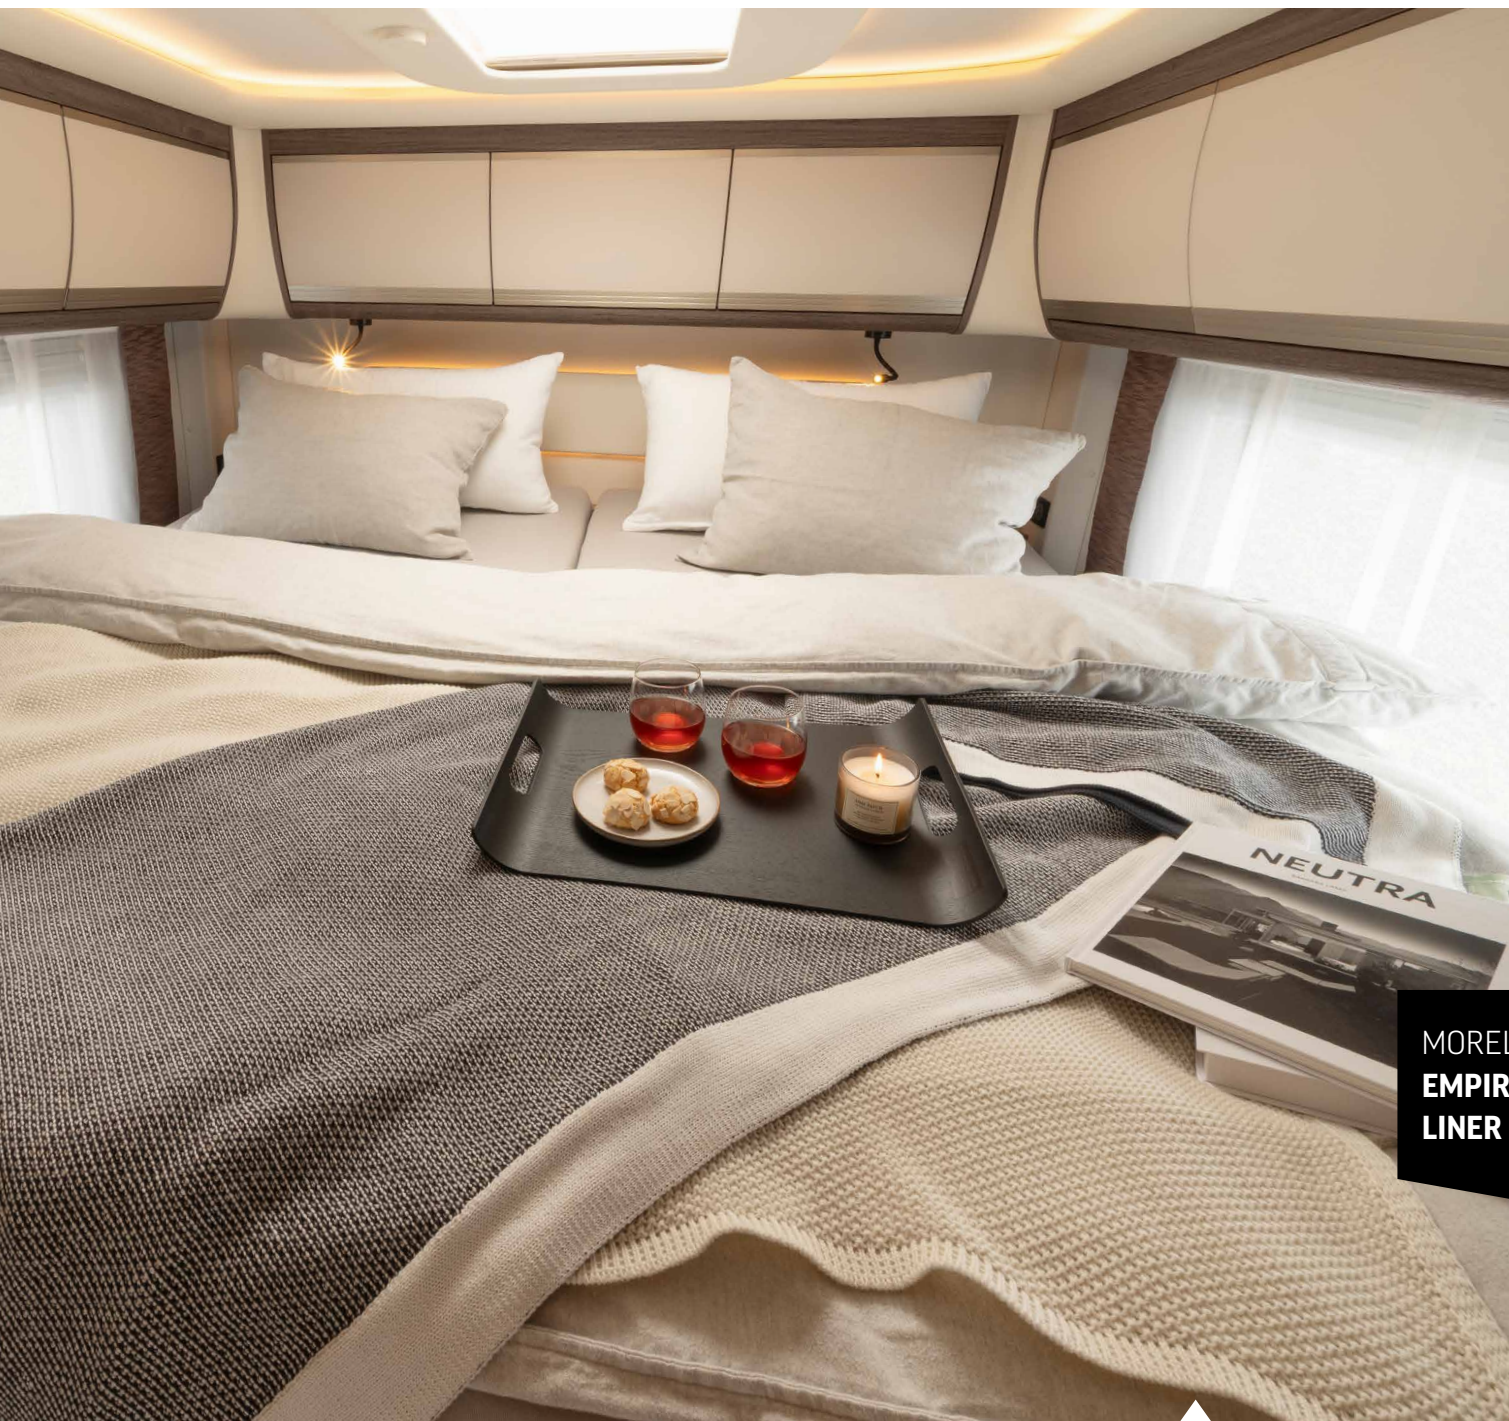

With the EvoPore multi-zone mattresses, including comfort slats, you have the best conditions for a good night's sleep. It adapts to your body and supports your spine across a wide area, while the water gel top layer allows for targeted sinking. It combines the benefits of a water bed with those of a cold foam mattress, offering the best sleeping comfort you've ever had in a motorhome.

"A GREAT MATTRESS IS THE MOST IMPORTANT THING FOR ME ON OUR TRAVELS."

TV in the bedroom for cosy evenings in your private retreat.

**MORELO
EMPIRE
LINER**

The optional rear bed with lying surface over the entire width makes full use of the vehicle width and creates a particularly large sleeping area. In M and G layouts, additional cabinets and overhead lockers around the sleeping area provide extra storage.

Plenty of indirect lighting creates a wonderfully cozy atmosphere, perfect for enjoying a good book or the latest favorite series.

ELEGANT GLASS PANEL
ALONG THE ENTIRE
SIDEWALL (OPTIONAL)

SCRATCH-RESISTANT REAL GLASS
WINDOWS WITH IMPROVED
THERMAL INSULATION (OPTIONAL)

OPTIMAL ACCESSIBILITY OF
THE TECHNOLOGY THANKS
TO BUS FLAPS

PLENTY OF SPACE

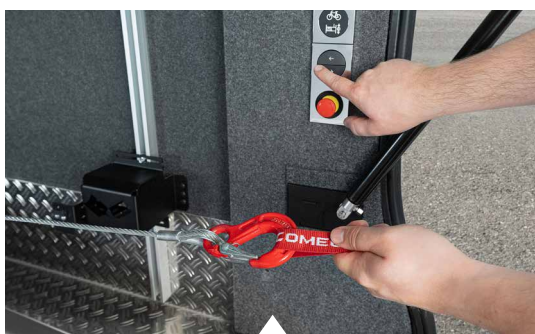

On-site mobility is extremely important in a liner.

Admittedly, it's not the ideal choice for narrow city streets or tight country paths. So, simply take your bikes, e-scooter, or even your own car – such as a SMART or MINI Cooper – out of the insulated, cold-bridge-free rear garage, and you're ready to go!

One of a kind. The
MORELO EMPIRE
LINER combines
living comfort with
unparalleled
driving pleasure.

MORELO GRAND EMPIRE

A vehicle that knows no compromise.

The GRAND EMPIRE is at the pinnacle of our luxury motorhomes. With the unmistakable MORELO design line, it demonstrates in both the interior and exterior what first class travelling means: experiencing the perfect feeling of freedom without having to do without anything. Travelling to faraway places and still waking up at home - could there be anything better?

A COMPARISON OF THE GRAND EMPIRE / 94 - 95

MORELO

NEXT
LEVEL
EXTERIOR

MORELO
**TECHNO-
LOGY**

The front and rear remain true to the typical MORELO design language.

As the icing on the cake, we have integrated a full-length rear light. The curved windscreen enlarges the field of vision, reduces wind noise and cuts an elegant figure at the same time.

LIGHT DESIGN

The LED lighting concept bears the unmistakable MORELO signature. This is where functionality meets stylish, automotive design. An eye-catcher, not just at night.

LED headlights, as standard. When turning, the LED fog light is activated and ensures perfect illumination.

LED indicators

Better visibility and higher luminosity thanks to LED technology ensure greater safety on the road.

LED combination rearlight

The rear light extends across the entire width of the vehicle. Inconspicuous is something else.

LED braking light

Safety aspects stylishly packaged: when braking, the entire rear end appears illuminated in red.

New and good: the beautifully shaped windscreen scores points with its improved aerodynamics and field of vision. We are also impressed by its futuristic design.

Handleless outer flap (PALACE) blend seamlessly and elegantly into the side walls. The flap is unlocked via a switch concealed in the rubber seal. Of course with central locking.

Unmistakable class begins with a distinctive design language. Striking lines, balanced proportions and characteristic details give every MORELO its confident presence. Every design element follows the same principle: combining aesthetics, functionality and premium quality into one harmonious whole. A design DNA that is instantly recognisable – and appreciated for many years to come.

MORELO
**TECHNO-
LOGY**

MORELO CONNECT

One for everything. With MORELO CONNECT, you can control heating, lights, electrics, multimedia or fill levels centrally from one place. This leaves more time for the essentials.

Digital central control

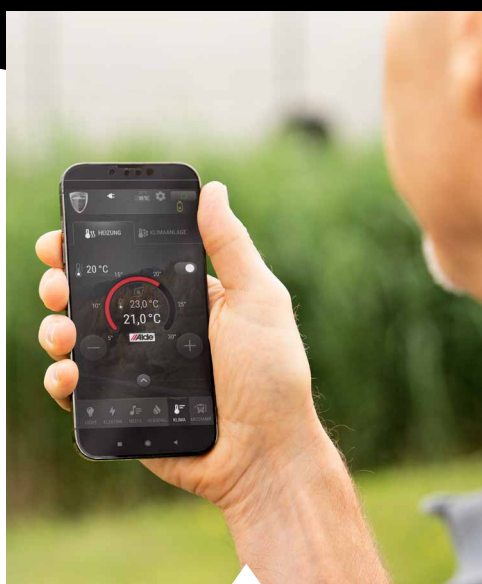

The central touch display above the door provides a convenient overview and control of all your systems.

While driving or when stationary

The new, rotatable touchscreen (PALACE) displays and controls all MORELO Connect functions.

»OK MORELO!
Switch off the
bedroom light.«

Control via app

Lying down becomes an art form, dim the lights or turn off the TV via your mobile phone.

No more searching for the light switch in the dark -

thanks to these elegant glass switches with proximity sensor.

Control via voice command

Lights, heating and multimedia follow your instructions - from anywhere in the vehicle.

VICTRON ENERGY

New standards in the LINER range from PALACE: the entire power supply is adapted to high-performance energy systems from the renowned manufacturer Victron Energy and impresses with 24 V. A power supply so good that even your socket will be amazed.

Blue and powerful as lightning

The direct current distribution system from Victron Energy ensures that the energy from your batteries is utilised efficiently. The system also scores points for its powerful performance, simplicity and safety.

The intelligent battery charger

from Victron is both powerful and robust, making it ideal for mobile use wherever you are travelling.

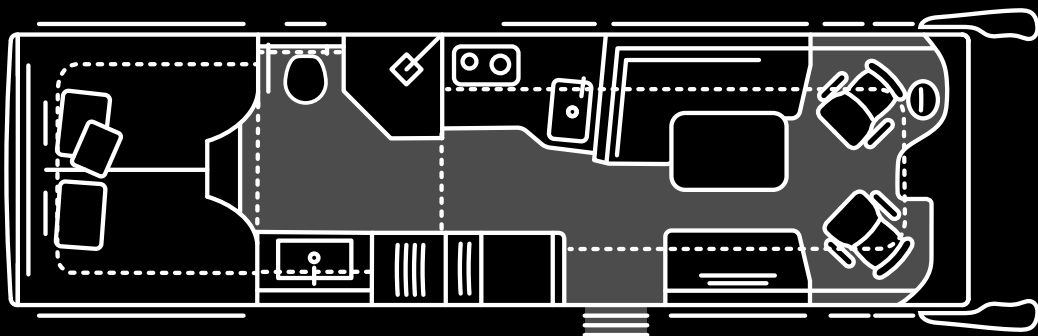

MORELO
TECHNO-
LOGY

All information about the power supply

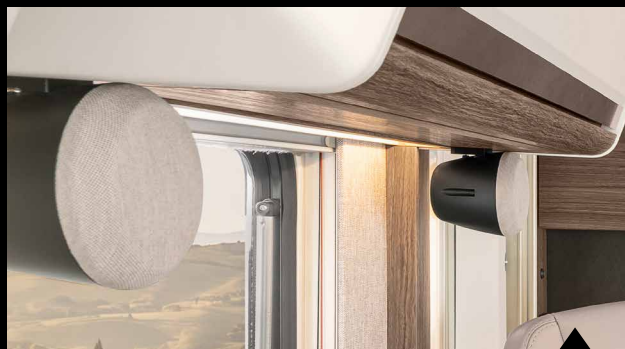

Flexible communication centre with app access and detailed display of charging and discharging processes.

SOUND SYSTEM

Experience a world of sound. The powerful sound system transforms your MORELO into a concert hall on wheels—for an immersive audio experience you can not only hear, but feel. Music and entertainment can be controlled conveniently via smartphone or tablet.

NEW MATERIALS

Sound system. Whether music, podcasts or films: the sound system delivers clear, powerful audio throughout the living area for a truly immersive listening experience.

Honeycomb structure

Noticeable weight saving without sacrificing stability.

Metal drawers (LOFT model range)

contribute to weight savings thanks to their lightweight construction and offer plenty of space and stability.

PRO KITCHEN

More power, 50% less energy consumption

Powerful household appliances from BOSCH & Siemens turn every journey into a culinary highlight. Enjoy relaxed cooking evenings as you know them from home. Unbelievable, but true: despite the high-quality appliances, you can save up to 50% energy compared to previous models.

BSH domestic refrigerator.

Food feels well stored in the 172-litre refrigerator with vegetable compartment and 15-litre freezer compartment.

Pull-out cabinet.

The perfect solution for tidiness and organisation without sacrificing space.

BSH oven with microwave function

Conjuring up the perfect dinner while travelling? The oven with microwave function makes it possible.

LOFT fridge with coat rack and wardrobe

Thanks to the well thought-out design, all components come together to form an intelligent room concept.

MORELO
TECHNO-
LOGY

SUPERIOR DRIVING EXPERIENCE

Driving like on rails, only much more mobile and dynamic. They are the supporting pillars of your unlimited MORELO travelling pleasure: IVECO or Mercedes Benz chassis stand for excellent quality, superior performance and state-of-the-art chassis technology. And because we not only want to protect ourselves, but also our fellow human beings, the underride guard at the front and rear ensures that no car gets under the wheels.

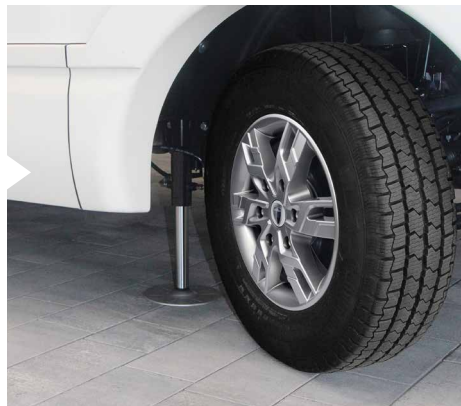

Sturdy ladder frame

The galvanised ladder frame provides a solid base.

Hydraulic leveling system

A lifting support system (optional) offers maximum comfort and is particularly useful for longer downtimes.

GRP front module

Developed together with Fahrzeugbau MEIER and already installed thousands of times in MORELO motorhomes.

True confidence begins with the chassis. Long before the living area takes shape in Schlüsselfeld, every chassis is completely dismantled at Fahrzeugbau MEIER and individually rebuilt – with the wheelbase matched to the layout, all chassis options integrated from the outset and every component exactly where it belongs. An effort you can hardly see, but feel on every journey.

Feature: The MORELO chassis modification

From the delivered chassis to the body-ready foundation: Our online feature shows, step by step, how a MORELO chassis is created – and the engineering expertise hidden beneath the future living area.

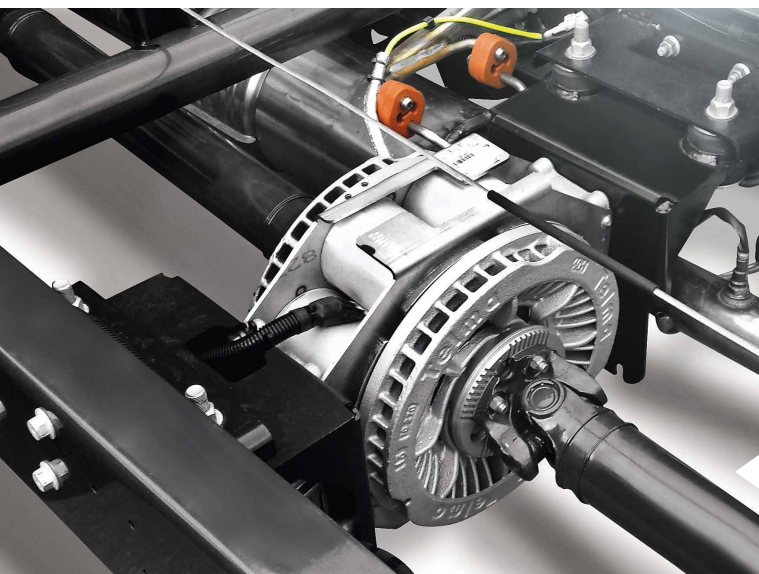

► www.morelo.de > know-how > chassis modification

**MORELO
TECHNO-
LOGY**

Cornering behaviour.

A new dimension in driving behaviour: The optional wider front axle and offset wheels maximise stability and minimise lateral inclination.

Travelling like on clouds – the optional air suspension makes it possible.

Telma retarder

The wear-free optional eddy brake takes over up to 90 per cent of all braking processes. It effectively relieves the service brakes and minimises wear.

**ZF 8-speed torque converter transmission (IVECO Daily)**

Drive comfort at its best. This is what the new 8-speed automatic transmission from the transmission specialist ZF offers.

**Intelligent and clean: AdBlue**

with the separate flap for the AdBlue filler neck, filling is easier than ever.

VB-Airsuspension "ActiveAir"

This intelligent suspension and damping system (optional) adapts to road conditions and your loaded state in real time.

Light alloy rims

More elegance is not possible? We still have these graceful rims on offer.

Trailer coupling up to 3.5 t

Is the storage space on board not enough for you? With the trailer coupling (optional), you benefit from even more payload.

Stability & safety. Anyone travelling hundreds of kilometres at a time expects a vehicle that feels stable and comfortable on the road. That is why it is essential for the suspension system to remain in perfect technical condition.

With our next-generation air suspension system, your MORELO remains stable and easy to control in all conditions while maintaining a constant ride height. It is less affected by crosswinds and uneven road surfaces, delivers greater stability when cornering and responds confidently during sudden evasive or braking manoeuvres – even with heavy or unevenly distributed loads.

**MORELO
TECHNO-
LOGY**

SAFE ON THE ROAD

The best driving assistants you could wish for. For first class driving safety, our models are equipped with numerous little helpers. This makes manoeuvring, turning and lane changes even safer. Everything in view. The feeling of maximum safety makes the driving experience even more special.

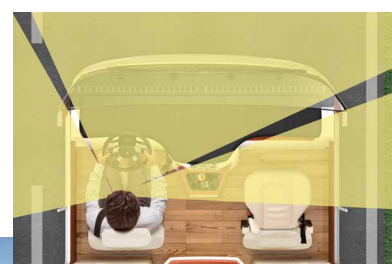

Exterior bus-style rear-view mirrors

The extra-large exterior rear-view mirrors in an elegant design offer a clear view to the rear.

Flush-fitting cockpit window

It can be opened continuously and protects against heat and cold thanks to insulating double glazing. The complete integration reduces wind noise and cold bridges.

Bus windscreen wiper system

The quick and thorough cleaning of the entire windscreen area ensures a clearer view and breathtaking views on every journey.

Clear view

With the generous panoramic windows, you always have everything in your surroundings in view and are therefore safe wherever you are travelling.

Rear-view camera

A reversing camera provides the perfect view to the rear so that you can not only see what is happening in front of you, but also behind you.

MirrorCam (optional)

With one camera for close range and one for the distance makes manoeuvring child's play.

Modified with AI

Everything in view: The newly positioned instruments are closer to the driver's natural line of sight, making key driving information quicker and easier to read.

Modified with AI

Bird's-eye view all around: The Birdview camera system provides a clear view of the vehicle's surroundings and makes safe manoeuvring easier.

Every chassis has its strengths.

The driver assistance systems on board depend on the selected base vehicle. Whether IVECO Daily or Mercedes-Benz Atego, each chassis offers a comprehensive range of functions specifically designed for its dimensions and driving characteristics.

**MORELO
TECHNO-
LOGY**

IVECO DAILY - THINKING AHEAD ON THE ROAD

Emergency Brake Assist, Adaptive Cruise Control, Active Lane Keeping Assist and front monitoring with pedestrian detection provide valuable support in critical situations. Traffic Jam Assist, Driver Drowsiness Warning and Traffic Sign Recognition further enhance comfort and awareness.

MERCEDES-BENZ ATEGO - ALWAYS AWARE.

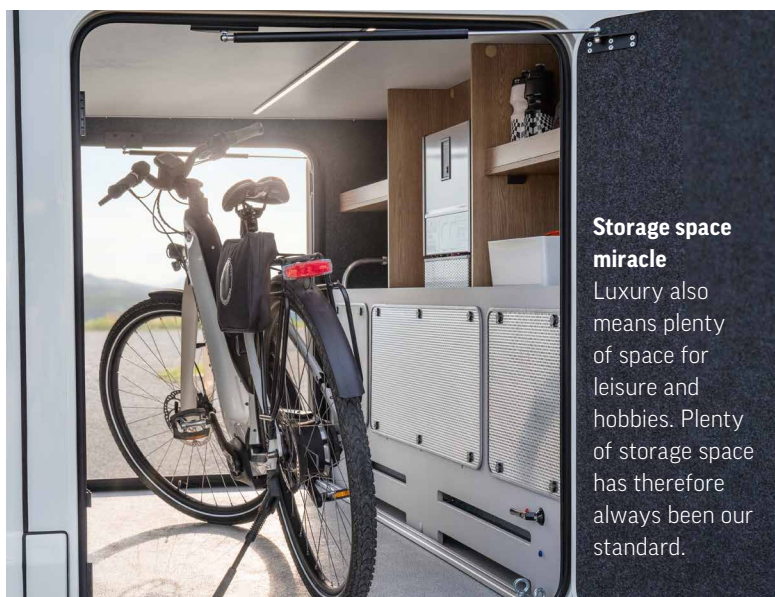

Turning, Blind Spot and Moving-Off Assist monitor areas around the vehicle that are difficult to see. Together with Active Brake Assist, Adaptive Cruise Control, Lane Keeping Assist and Roll Control Assist, they create a comprehensive safety system for confident driving.

BETTER STOWAGE

Accessible and well thought out

What good is the best organisation in a motorhome if you can't get to your luggage or controls in a jiffy? Exactly!

Storage space miracle

Luxury also means plenty of space for leisure and hobbies. Plenty of storage space has therefore always been our standard.

Electric bicycle lift

Top-placed: Bicycles can be stowed above the car in the garage without any muscle power.

Rear garage

Thanks to the rear garage, you can take everything that is important to you on your journey and always have everything in view.

Storage space

Conveniently accessible compartments for small and large items that make travelling more enjoyable.

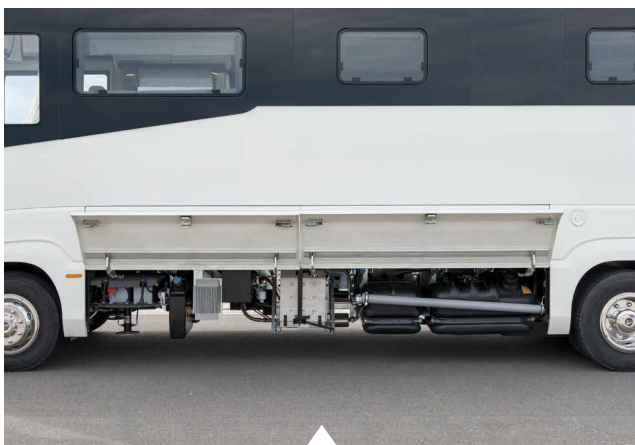

Central locking

Simply lean back, press the button and you can be sure that your belongings are well protected.

Innovative storage compartment flaps

Perfectly integrated into the sides with access to the chassis, fuel tanks, batteries, waste water connections and technology (model-specific).

Side skirts

In bus flap look (from EMPIRE LINER). With newly developed division of the underfloor and double floor.

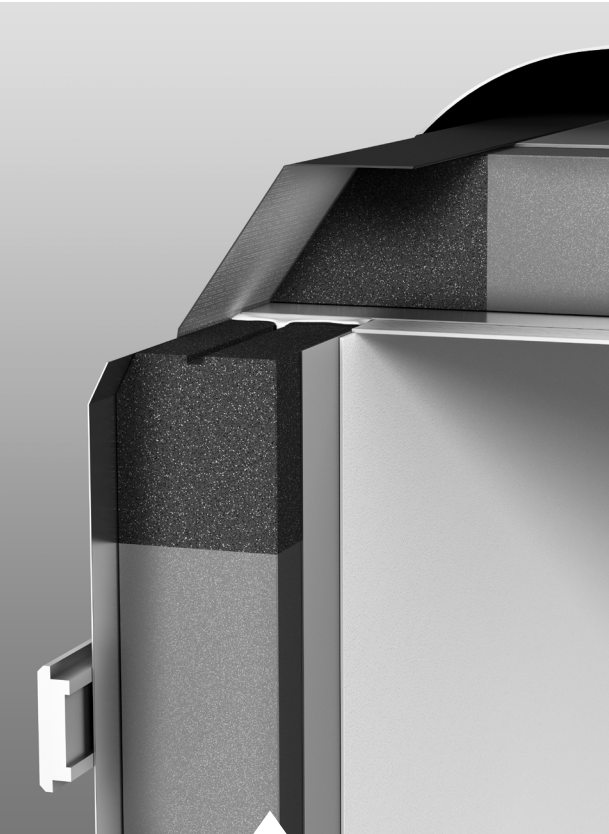

Bonnet

Easy access thanks to parallel opening and gas pressure dampers. The large radiator grille offers a dynamic, powerful look and protects against overheating.

**MORELO
TECHNO-
LOGY**

PREMIUM BODY

In a MORELO, you are surrounded by the best materials available in motorhome construction. The inner and outer walls made of a particularly corrosion-resistant aluminium alloy ensure stability and the hydrophobic XPS rigid foam provides sensational insulation. Naturally lightweight.

Premium roof structure

We build with care. And also think about intelligent water management for streak-free side walls.

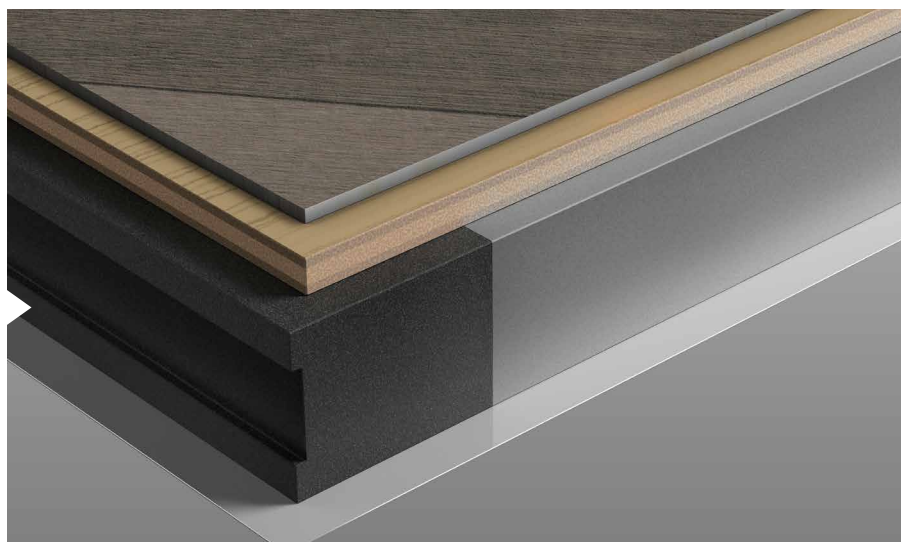

**"A TRUE HIGHLIGHT:
WALL THICKNESS OF
42 MM - INCREASING
TO AS MUCH AS 52 MM
FROM THE EMPIRE
CLASS UPWARDS."**

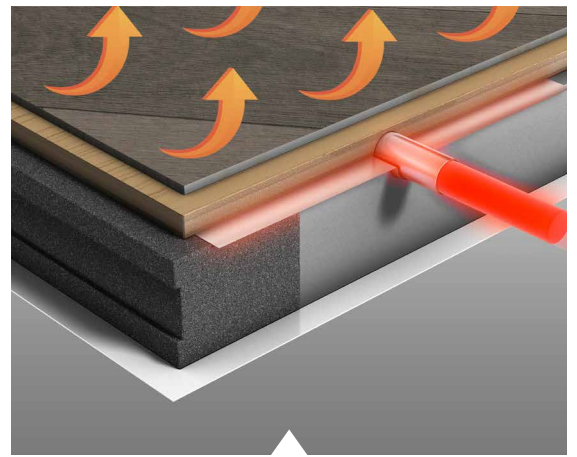

Robert Gries

Premium living room floor

The high-quality PVC flooring with a wood look is easy to clean and absolutely water-resistant.

Warmth from the ground up:

The underfloor heating ensures a pleasantly even indoor climate.

Premium underbody

Thanks to the stable GRP underside, you don't have to worry about moisture and corrosion.

Whatever the weather outside. Comfort inside. For optimum thermal protection and lasting quality, we use high-performance insulation materials. Their low weight and excellent insulating properties enable a stable, premium-quality and efficient wall construction. This reliably keeps warmth inside during winter and heat outside during summer. The result is a pleasant indoor climate, lower energy consumption and improved fuel efficiency – for greater comfort, enhanced efficiency and a long service life for your MORELO motorhome.

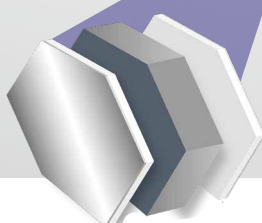

Another advantage:
Thanks to their closed-cell structure, the insulation materials help prevent mould growth—so you can enjoy your home on wheels with complete peace of mind for years to come.

GRP panels aluminium top layer

RAVATHERM XPS X

MORELO
TECHNO-
LOGY

MORE POWER

State-of-the-art technology. With innovative power supply solutions for your motorhome, you can enjoy absolute freedom and operate all your devices completely independently, even off the beaten track in remote locations.

Digital fuses

No more blown fuses - digital fuses make it possible!

Batteries

Powerful batteries are crucial for a reliable power supply. If you want to be self-sufficient for even longer, you can even connect additional batteries in series.

Charging booster

Always the optimum charging power, even for short journeys. Full utilisation of the battery capacity even in extreme weather conditions.

Inverter

A powerful energy centre ensures comfort on board. Even sensitive household appliances can be operated without any problems.

This VDE-approved electrical control centre keeps all supply, measuring and protection points clearly organised in one place. Just as it should be in domestic technology.

Safety shutdown

This increases the service life of the batteries enormously. This is because the safety cut-out ensures that they are disconnected from the system in good time before damage occurs due to deep discharge.

Energy for life's finest moments. MORELO electrical packages ensure that the comfort which makes every journey special is always available on the road. From pleasantly cool temperatures provided by the air-conditioning system to a relaxing movie night, every component is perfectly coordinated. Powerful technology becomes a reassuring feeling: knowing you are always well supplied.

Perfect climate.

With 3,500 watts of cooling power, the Dometic FreshJet FJZ7 3500 reliably maintains pleasant temperatures even on hot travel days. Its efficient inverter compressor operates particularly quietly, while CleanAir technology and sleep mode provide added comfort. With 3,000 watts of heating power, the system is also ideal for cooler days. Thanks to Wi-Fi connectivity, the air-conditioning system can be conveniently controlled via app.

Fresh air. Automatically.

The Dometic FanTastic Breathe 3100 continuously provides fresh air and a pleasant indoor climate. Intelligent sensors automatically adjust the ventilation level, while heat recovery helps reduce energy loss. This effectively minimises moisture, odours and dust – even during extended periods when the vehicle is parked.

**MORELO
TECHNO-
LOGY**

SUPPLIED ALL ROUND

Whether you are on the beach, in the mountains or in the countryside - with energy from the sun or gas, your motorhome's power supply is guaranteed in all situations and you can travel independently of external power sources.

Water tanks

Innovative light-tight dome tanks - all inlets and the tank ventilation are located in the dome, which enables complete filling.

Hot water underfloor heating

Maximum efficiency thanks to hot water pipes elaborately integrated into the floor insulation.

ALDE 3030 plus heater

Space and weight-saving hot water gas central heating with built-in heat exchanger, continuous hot water at approx. 4 l/min as a standard.

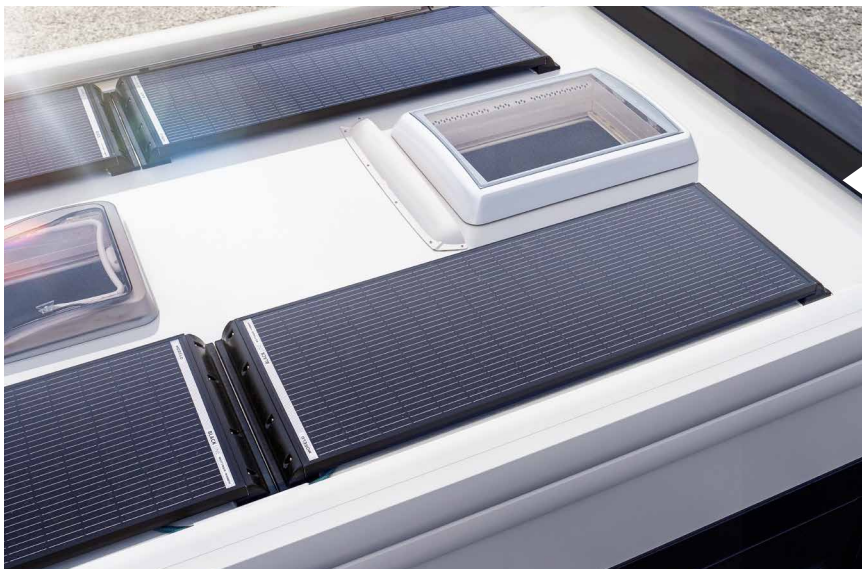

Gas tank

This makes you even more independent: depending on the vehicle type, a gas tank of up to 150 litres (= approx. 55 kg) is possible.

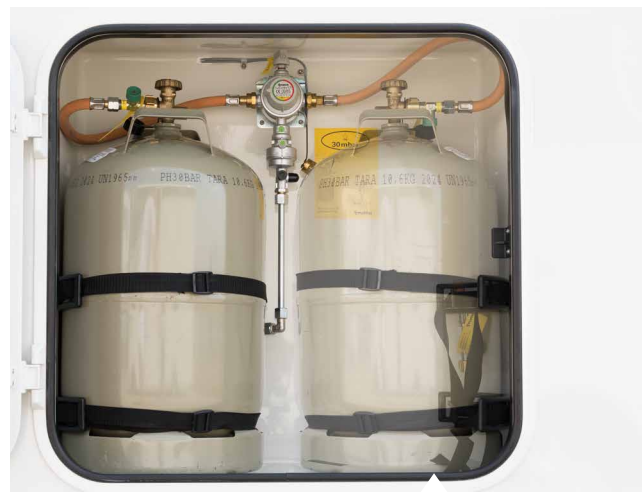

Electric waste water drains (optional)

We install household-quality pipes so that you can get rid of waste water quickly and easily.

Simply fill up with sun:
each module has an
output of 150 W.

Solar
With the solar computer,
you can keep an eye
on the function of your
solar system and are
always informed about
the charge status.

Gas bottle
The GRP box is fully insulated,
waterproof and offers storage space
for two 11-kilogram gas cylinders.

PLENTY OF POWER IN YOUR MORELO. High-performance solar modules
and an inverter ensure a powerful and reliable energy supply.
This means even energy-intensive appliances
can be used with ease – for greater
everyday convenience, shorter
charging times and
relaxed travelling.

**MORELO
TECHNO-
LOGY**

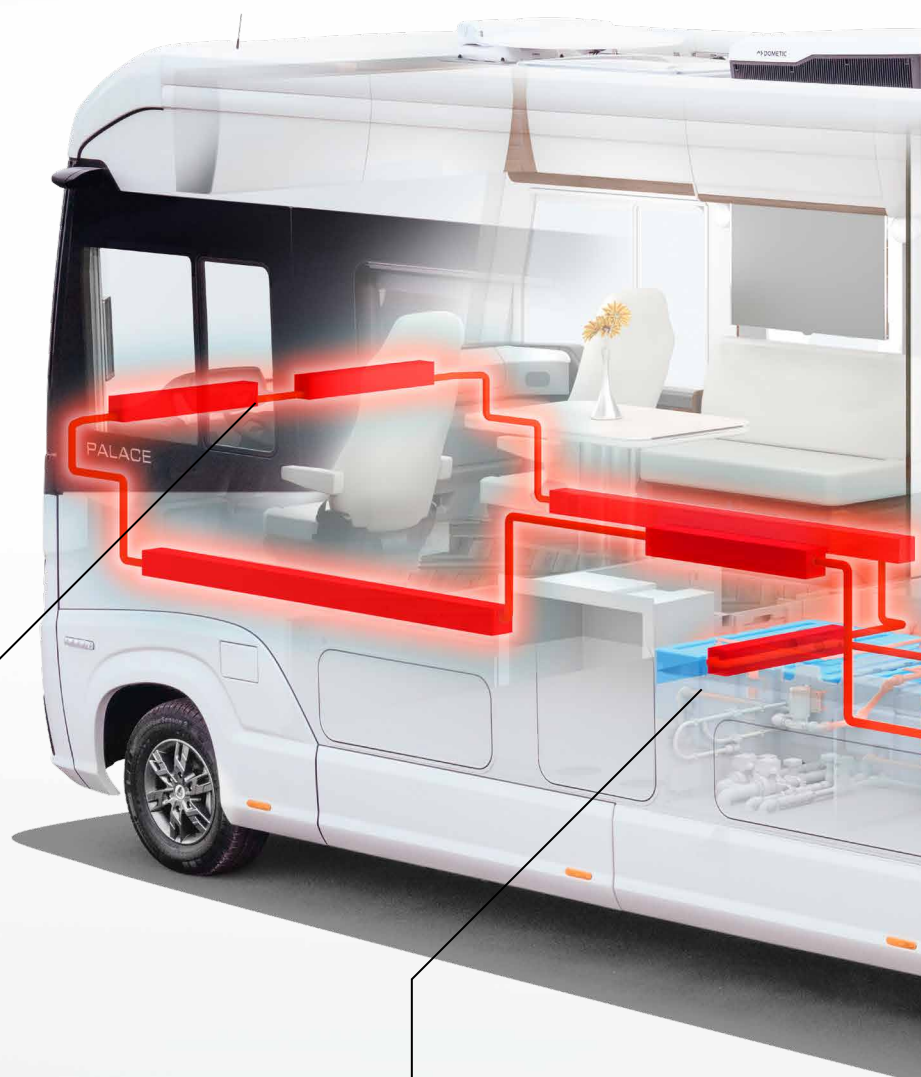

**Hairdryer? Air conditioning?
Even off-grid.**

MORELO's generously designed power
supply provides ample energy for all the
conveniences of everyday life – even
when no mains hook-up is available.
Whether it is a hairdryer, coffee ma-
chine or air-conditioning system, you
can enjoy uncompromising comfort
wherever your journey takes you. This
is off-grid travel with all the confidence
and convenience of home.

"OUR HEATING SYSTEM IS WELL THOUGHT OUT FROM A TO Z SO THAT YOU CAN ENJOY COSY WARMTH EVEN ON COLD DAYS."

R. Cluitte

HOT AIR

WINDSCREEN RADIATOR

The radiators in front of the windscreen reduce the penetration of cold air.

- + Acts like a heat curtain
- + Optimised indoor climate
- + Clear view of the road

HEATING CONCEPT

Various radiators do their job to create the typical MORELO feel-good ambience.

- + Hot water underfloor heating
- + Towel dryer (depending on model)
- + Bedroom and garage can be controlled separately

HEATED DOUBLE FLOOR

Optimum insulation and ideally positioned convectors protect tanks and pipes from frost.

- + Water tanks are protected from frost
- + Prevention of condensation
- + Even heat distribution in the vehicle

HOT WATER CENTRAL HEATING

Do without? Not really our thing. Also applies to hot showers in the cold winter.

- + Gas operation 5.8 kW heat output
- + Electric operation up to 3 kW heat output
- + Continuous hot water at approx. 4 l/min

WELLNESS ON THE GO

Generously dimensioned, luxurious bathrooms, ample water supply and fixed tank toilet ensure comfort without compromises.

- + Large-volume water tanks
- + Fixed tank toilet
- + Household-quality shower

SLEEP LIKE GOD IN FRANCE

Cosy beds, excellent spring suspension with ventilation and perfectly fitting multi-zone comfort mattresses - sleep like at home.

- + 5-zone comfort cold foam mattresses
- + Point-elastic comfort slat base
- + TV in the bedroom (optional)

FIRST CLASS EXTERIOR

Not only the overall impression, but also the attention to detail characterise a First Class motorhome. With their functionality, all elements in the exterior contribute to providing you with a comfortable travelling adventure while cutting a fine figure on all roads with their unmistakable design.

Extra-wide entrance door with closing aid

(standard from PALACE): offers plenty of space and closes securely and pleasantly quietly.

Entrance portal

Electrically folding entrance steps, with two steps (three steps from 12 tonnes). The steps are very stable and provide a secure footing.

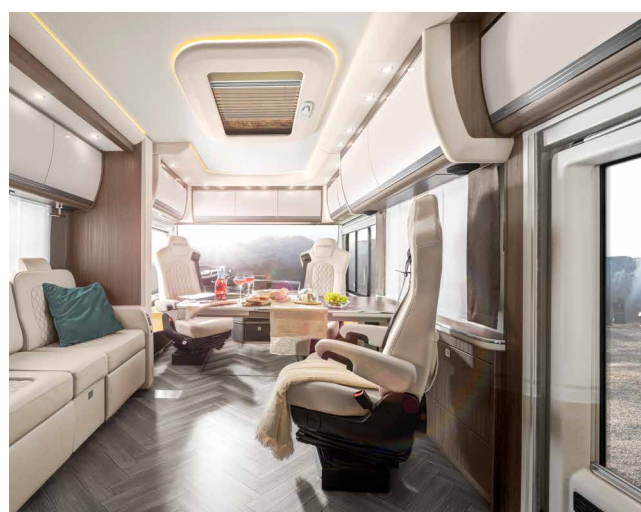

Electronic combination lock

(from PALACE) for assigning your individual number combination for more security.

Glass panelling and real glass windows (standard for EMPIRE model range, optional for PALACE)

not only score points in terms of improved visibility and greater safety, but also set accents in terms of modern design and noise insulation.

Slide-out (optional)

For more space: the slide-out in the GRAND EMPIRE increases the width of the living area and kitchen by up to 45 cm.

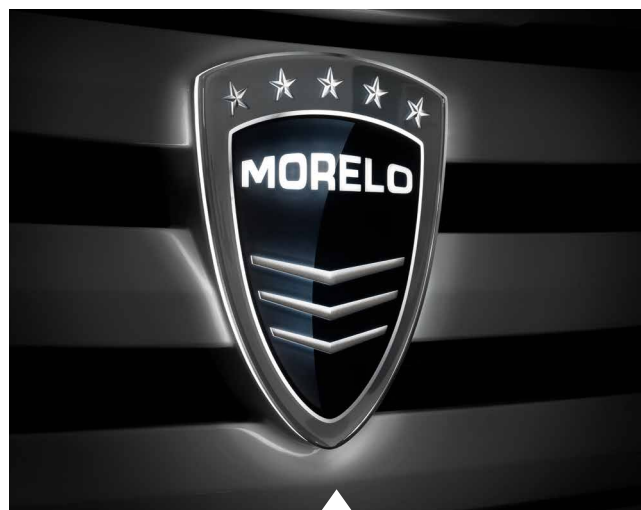

Awning integrated into the roof profile

The optional awning is inconspicuously integrated into the roof profile and can be fitted as a single or even double awning on both sides of the vehicle.

Yes, look at that!

The logo in the radiator grille (optional) shows where FIRST CLASS is at home.

Satellite dish (optional)

The dish aligns itself fully automatically and offers a large reception area.

Big-screen entertainment, wherever you are.

With the Starlink TV package (optional), your MORELO becomes your own private entertainment lounge on the road. The seamlessly integrated Starlink Mini antenna provides reliable connectivity, while the Smart TV, sound system and subwoofer bring films, series and music vividly to life.

Tuscany today, Hollywood tomorrow:

Stream your favourite film, sit back and enjoy the evening wherever your journey is at its most beautiful.

FIRST CLASS INTERIOR

You will find the highest level of comfort wherever you look. All seating options are made from high-quality materials and provide the comfort of a wellness holiday. The generous amount of space always ensures sufficient legroom and freedom of movement.

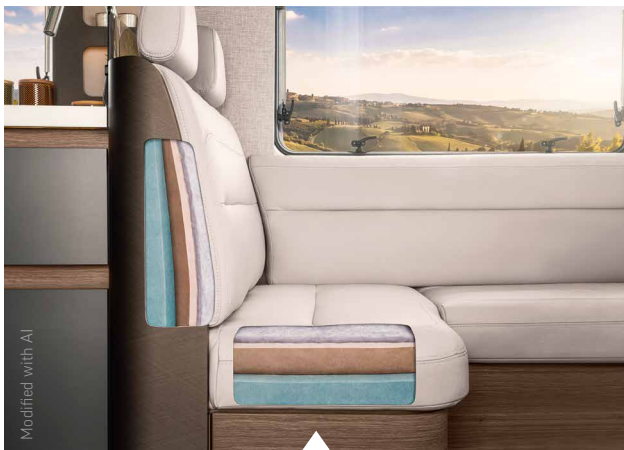

From cockpit to living space.

Flowing lines and homely materials create a harmonious connection between the two areas.

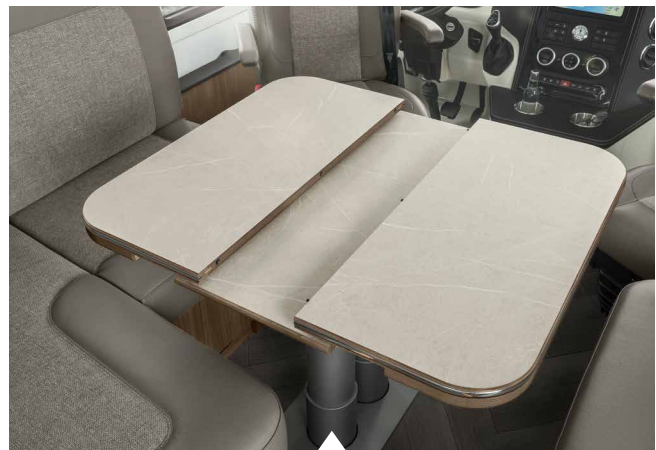

Luxury cab seats

Relaxation made easy: not only heated, but fully air-conditioned on request.

Ergonomic seat upholstery

Fans of comfortable seating swear by these two layers of cold foam of varying firmness.

To me or to you?

This table can be moved and extended both lengthways and crossways.

Bar seating group with cantilever table

Get rid of the table leg for more legroom.
Up to five belt seats are possible with the bar seating group.

MaxxFan roof vent

provides fresh air or reliably extracts warm, stale air from the living area.

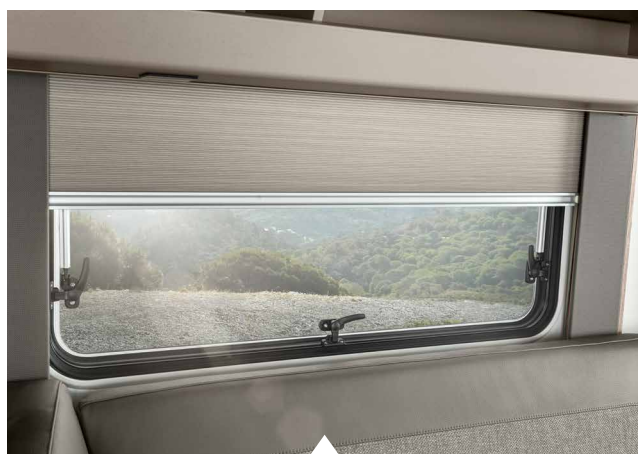

Everything in the best light.

Spacious wardrobes with integrated LED lighting provide a clear overview and make choosing what to wear especially convenient while travelling.

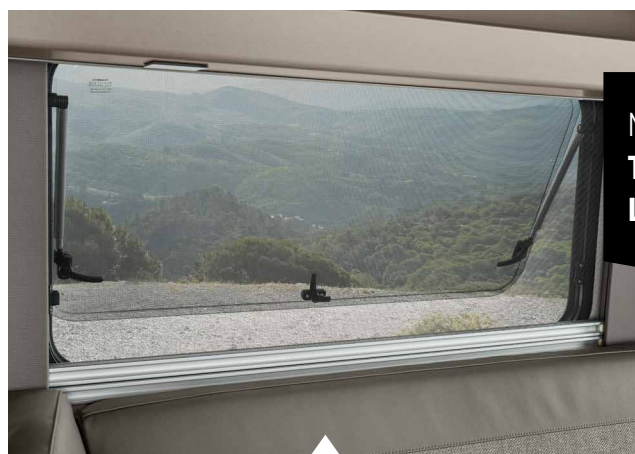

Hidden eye-catcher:

27-, 32- or 39-inch smart TV depending on model and preference, can be lowered electrically.

Blackout pleated blind

can be freely positioned from above or below and serves as sun or privacy protection.

Flyscreen

Because uninvited guests must stay outside. Standard for all windows, skylights and the entrance door.

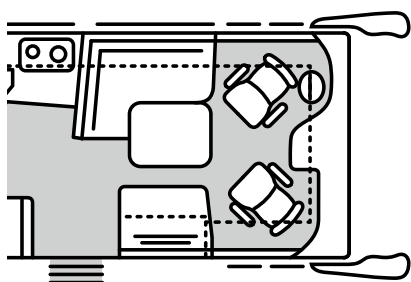

MORELO
TECHNO-
LOGY

LIVING ROOM

Space in all options. The standard lounge is equipped with ergonomic seat upholstery, a pull-out table and glass cabinet with LED lighting. Many other layouts offer a wide range of customisation options. We are sure that you will find your perfect MORELO layout.

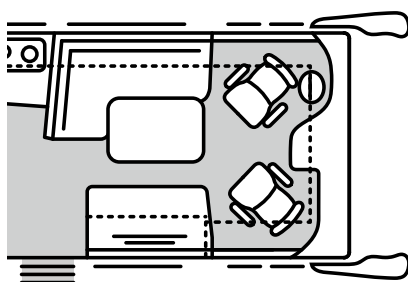

SEATING GROUP

In all LOFT, LOFT PREMIUM and PALACE models, the angled seating group, long bench and "bar" can be individually combined.

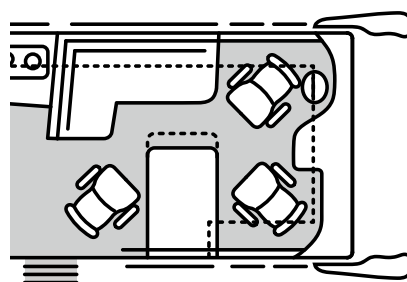

Standard

The open seating group forms an elegant visual axis with the directly connected kitchen.

Long bench

The extended bench creates more space and storage - in all "B" layouts.

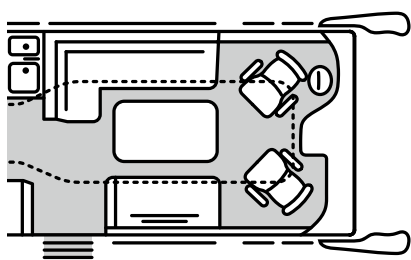

Bar living room (optional)

Do you need five seats? With the bar living room option, there is a fifth seat in the seatbelt.

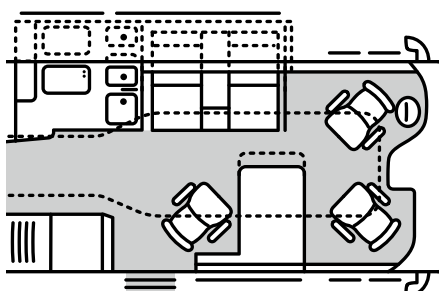

LOUNGE

EMPIRE LINER & GRAND EMPIRE models give you the choice between various comfortable habitation layouts.

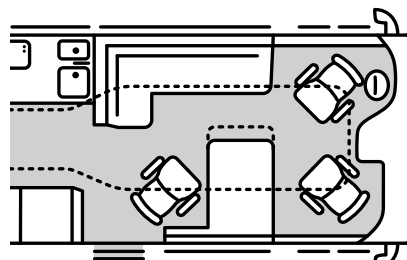

Standard

A large L-shaped couch, the freely movable table and a generous couch offer plenty of space.

Slide-out GRAND EMPIRE

A cantilevered bar table and third pilot seat provide plenty of space. The relax seats are included here.

Bar living room

The bar living room combines the L-shaped couch with a third pilot's seat and a cantilever table.

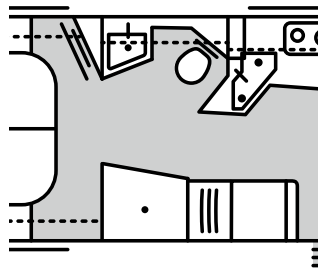

BATH-ROOM

Individual oasis of well-being. Different customer wishes require different bathroom options. MORELO therefore offers different bathrooms depending on the vehicle, from compact to spacious and from the PALACE upwards, even with an optional separate toilet room.

STUDIO

Standard in all LOFT models. The room concept with four mirror elements makes the bathroom appear very spacious.

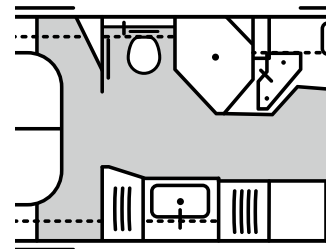

Toilet and washbasin on the driver's side; real glass shower with two individual swing doors on the passenger side.

ROOM

Standard in all LOFT PREMIUM models. Thanks to the intelligent design and clever nesting of the kitchen and shower, unimagined space is created.

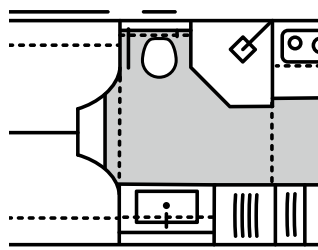

Toilet and real glass shower on the driver's side; washbasin and mirror cabinet on the passenger side.

PREMIUM

Standard in the PALACE, EMPIRE LINER and GRAND EMPIRE are new dimensions of generous equipment, whether for the shower or washbasin.

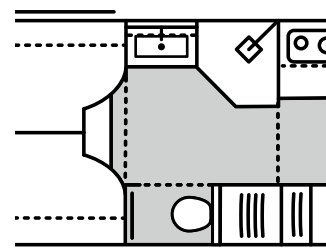

Toilet and real glass shower on the driver's side, large washbasin with large mirror cabinet on the passenger side.

LUXURY

Optional for PALACE, EMPIRE LINER and GRAND EMPIRE: extra privacy guaranteed by the separately lockable toilet area.

Washbasin and real glass shower on the driver's side, separate toilet with a window on the passenger side.

BED-ROOM

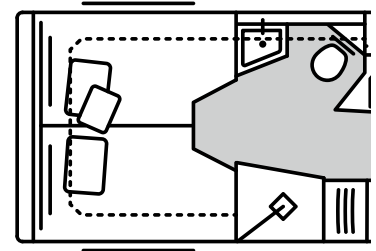

Three bed options are available for the bedroom furnishings. Cold foam mattresses with point-elastic spring bases (depending on the model) offer optimum body support and ensure an optimal sleeping climate thanks to integrated air channels.

TWIN BED (L)

Dream space. The twin bed offers you maximum space and is available as a double bed.

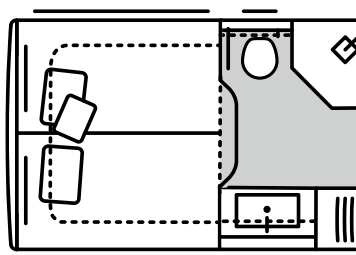

It could not be any wider: the entire width is utilised and offers more than enough space to stretch out and unwind.

FULLY EXTENDED LYING AREA FOR L-BED

For those who sleep better. On request, we can turn your L-bed into a large comfort zone that extends across the entire width of the vehicle.

The non-plus-ultra in terms of length and width. Ideal for both tall people and short people who love lots of space.

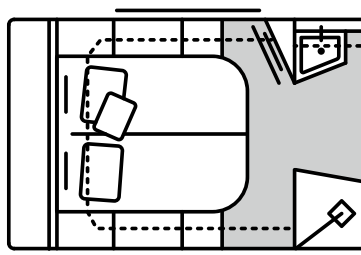

Nowhere else does individuality play such an important role as in the perfect bed. That is why we are happy to customise your bedroom to your individual sleeping requirements. Whether with a smart drop-down bed solution or an extra-wide king-size bed - we ensure that you have a restful night.

QUEEN BED (M)

Hop in please! The queen bed is accessible from both sides, leaving room for two additional wardrobes.

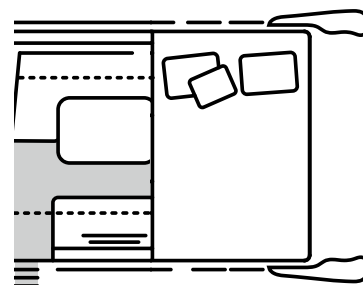

Simply climb into your bed without disturbing your partner. There is plenty of storage space on top.

DROP-DOWN BED

Buttons with brains. At the touch of a button, the drop-down bed transforms your motorhome into a cosy sleeping oasis and back into a comfortable living space.

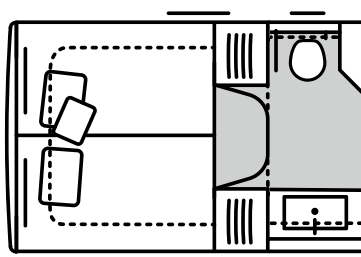

The space between the lying surface and the ceiling is extremely generous and allows you to sit on the edge of the bed.

LYING AREA FOR M-BED

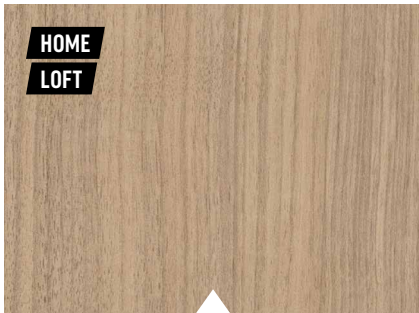

King-size bed. The cosy lying area is a good option for those who like it a little cosier. There are also two wardrobes.

More space to lie down, more space to stow away - this bed option offers you both.

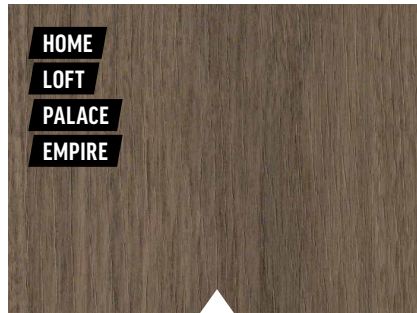

HABITATION STYLES

Our curated style worlds make a clear design statement while leaving room for individual combinations. We are happy to advise you personally on the perfect mix for your MORELO.

Furniture wood colour Balance

Modern and timeless design for a pleasant and relaxing atmosphere.

Furniture wood colour Life

Visual calm thanks to versatility and excellent combinability.

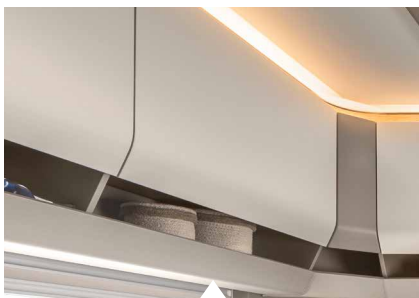

Furniture wood colour Trend

The noble and elegant wood colour adds character and warmth to the room.

INTERIOR SURFACES

Light or dark? The choice is yours. Choose the furniture finish that gives your MORELO its own distinctive character – from bright and contemporary to dark and exceptionally elegant.

LOFT model range

Balanced colour tones and a pleasant feel for cosiness.

PALACE model range

Slightly shiny and high-quality materials for an elegant ambience.

EMPIRE model range

Subtle handle profiles combine style and elegance.

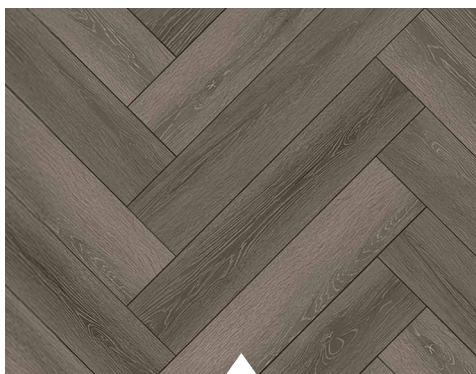

PREMIUM CEILING AND WALL LINING

The innovative textile ceiling and side wall lining creates a warm, inviting interior and offers sound-absorbing properties.

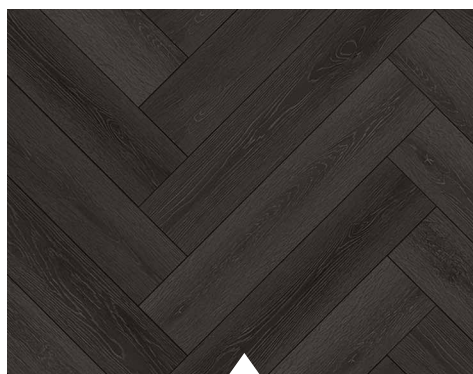

LIVING AREA FLOORING

The flooring is easy to clean while offering exceptional durability and long-lasting quality.

Oak

Bright and inviting, this flooring is best showcased when paired with dark furniture finishes.

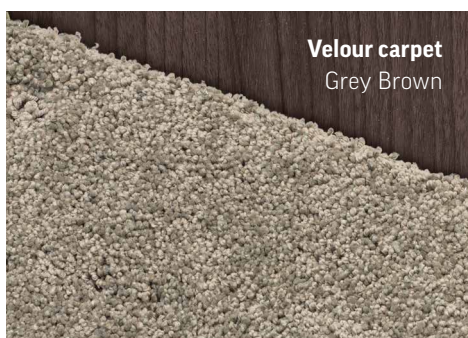

Urban Dark

Subtle and versatile, this flooring is best complemented by light furniture finishes.

FLOOR COVERINGS

The optional velour carpet variants add a warm and inviting atmosphere to the living area.

Velour carpet
Grey Brown

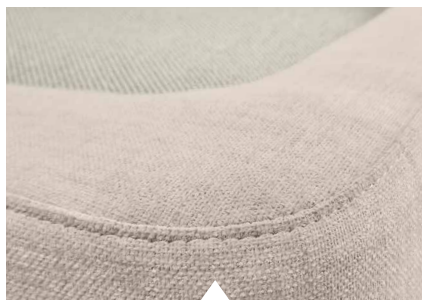

Velour carpet
Beige

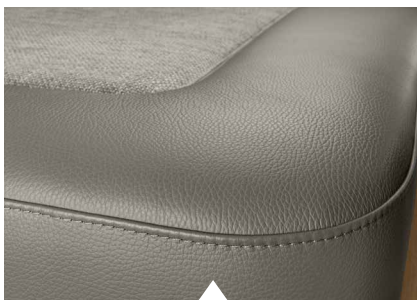

UPHOLSTERY OPTIONS

The possibilities for the upholstery design are so numerous that even your sofa at home would turn green with envy. But don't worry; we will be happy to advise you.

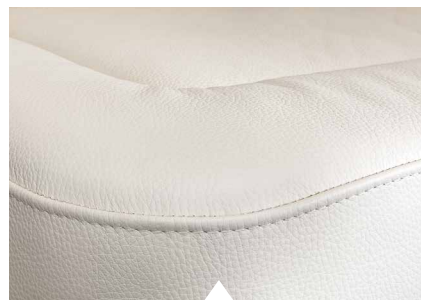

Textile

Standard upholstery with a pleasant feel and a homely character. (Standard except GRAND EMPIRE)

Leather-textile combination

Optional combination of leather and textile for a modern, contrasting look. (Optional except GRAND EMPIRE)

Leather

High-quality leather upholstery for a particularly elegant appearance. (Optional except GRAND EMPIRE)

WELCOME HOME

A promise that, at MORELO, goes far beyond the motorhome itself. It stands for the reassuring feeling of being understood, well looked after and at home wherever you go. From the very first contact to the many journeys ahead, one ambition has always guided us: to create something exceptional – for people who refuse to compromise when they travel.

FAMILIAR

- + honest
- + down-to-earth
- + optimistic

DYNAMIC

- + experienced
- + motivated
- + hardworking

FIRST CLASS

- + reliable
- + authentic
- + committed

Anyone who knows us is aware that these are not just empty brand messages - this is our philosophy in action. Of course, talent and drive are essential prerequisites for building good motorhomes. But it is this unwavering passion, the pure desire to travel and enjoy a cosy stay on the road, which is in every person and every MORELO

motorhome, that creates something outstanding. We were already convinced of this when we drove the first prototype to the Caravan Salon premiere in 2010 with glowing cheeks. And we still are today - as the leading manufacturer of luxury motorhomes in Europe. **Thank you for joining us on this incredible journey.**

IT ALL BEGAN WITH A VISION

Extraordinary things begin with a clear mindset. MORELO was born from the ambition to rethink motorhome travel and continually set new standards. This drive for progress continues to shape the brand today – along with the conviction to create only what offers genuine added value and inspires for years to come.

MORELO – A Success Story

Scan the QR code and discover the story behind the MORELO brand.

MORELO's story began in 2010 in a simple, uninsulated metal workshop: with a small team, a pioneering spirit and a clear ambition to build better motorhomes. Within just a few months, the first prototype was completed and presented at the Caravan Salon that same year. The enthusiastic response laid the foundation for a development

that hardly anyone could have foreseen at the time.

Discover in the MORELO Heritage Film (QR code) how a bold vision evolved step by step into an extraordinary success story.

THE PEOPLE BEHIND THE BRAND

Extra class needs heart, brain and craftsmanship. In our Upper Franconian manufactory, development engineers and foil specialists, designers and mechatronics engineers, carpenters and many other hands give their best every day. Because excellence is our standard. We are very proud of our professional team. And of every single MORELO that leaves our factory.
